

**W**e all know what it is like to move to a foreign country. There is always the question of where to live, where to do your shopping and what public transportation to use and so on. Living in a foreign country is for many a challenge in the beginning but also very exciting as there are lots of new experiences!

Moving to Sweden will for many, including B17'ers, be a great adventure – an adventure in which we would like to help in making it sustainable from the start! That is why we have in the past months researched, tested and viewed everything from shopping to sorting your waste in the chosen cities – Malmö & Lund.

Creating the guide has truly been lots of fun for all three of us and certainly also very meaningful! Emmy & Signe are permanent citizens in Malmö and Mina moved to Sweden in January so we have had the perfect team to create this guide and the perfect settings!

We hope that you will enjoy & use our Green Guide – and hopefully continue and further explore your own sustainable lifestyle during your time in Sweden!

# Green Guide Malmö & Lund

LAC Project Presentation  
13<sup>th</sup> of June 2.15pm

Mina Lee  
Emmy Carlsson  
Signe Damgaard Nielsen
